You must not provide your Account details (including any access credentials, such as your email address, password or API Key(s)) to any third party other than for the purposes of verifying or auditing your Account. Such third parties are not permitted to trade on the Trading Platform or make Withdrawals or Deposits, and they will be deemed to have agreed to (and must comply with) these Terms of Service, and you will be responsible for the actions (and omissions) of any such third parties.

6.3. At the time of Account opening, or any time afterwards, we may make certain features, rights or privileges (which may be necessary in order to use certain functions or aspects of the Services) available on your Account at our sole and absolute discretion. Any assistance provided by us in relation to a security breach does not in any way operate as acceptance or acknowledgement that we are in any way responsible or liable to you or any other party in connection with such breach. We will not be liable for any loss or damage arising from your failure to protect your Account and/or any unauthorised access to and use of your Account (including access to and use of any of the Services), including, without limitation, in circumstances where you have provided notice to us under these Terms of Service.

8. Account Suspension, Termination or Closure

8.1. Nothing in this Clause 8 shall limit any rights we have under the Exchange Rules to (i) reject or cancel any instruction or (ii) close, reverse, off-set (including by entering into an opposite and equal Trade), liquidate, mitigate, deleverage or settle any open Orders, Trades or Positions.

8.2. Without prejudice to any other rights we may have under these Terms of Service or Applicable Laws, we may take any or all of the following steps if an Account Breach

has occurred (or we suspect that an Account Breach has occurred) or if you request your Account to be closed:

A) to a Withdrawal Address provided by you – and you undertake to provide a Withdrawal Address to us within 2 days upon our request for these purposes; or

B) to any Withdrawal Address registered with your Account; or

We can take any or all of the above steps without prior Notice or providing reasons to you (and may not be able to provide prior Notice or reasons under Applicable Laws), but, where appropriate, we may give you a specified period within which to provide any information or documents to show that such Account Breach has not occurred before we take certain actions. Where permissible under Applicable Laws and at our discretion, we may permit you to amend existing and open Orders and Positions and/or withdraw your Account Balance but restrict you from placing new Trades through the Trading Platform.

8.3. We are not liable for any loss, damage or costs (without limitation) which you may incur when we take any or all of the steps mentioned in Clause 8.2. You expressly agree that we shall not be liable to you for any profit or loss as a result of any action we take in respect of your open Orders, Trades or Positions.

8.4. Our failure or delay to take immediate action set out in Clause 8.2 does not constitute a waiver of any of our rights, and we retain the right to take the steps at any time in respect of your Account.

8.5. An Account Breach occurs when we, at our sole and absolute discretion, determine:

- a) you breach or fail to perform or observe these Terms of Service, the Exchange Rules or any other terms incorporated by reference in or to these Terms of Service or applicable to you in respect of the Account or the Services;
- b) you take any action which is inconsistent with a fair and orderly market or the integrity of the market (including any market misconduct or market manipulation);

An Account Breach constitutes a breach of these Terms of Service by you.

8.6. In the event of a User's death or incapacitation, the person authorised to act on behalf of the deceased or incapacitated User (or such User's estate) should contact [Support](#).

9. Deposits, Withdrawals, and Transfers

9.1. The Trading Platform and all calculations are currently denominated in bitcoin or USD Tether (with transfer and credit on the Bitcoin blockchain and Ethereum blockchain, respectively). We may allow the use of other digital assets and denominate the Trading Platform and calculations using such other digital assets from time to time at our sole and absolute discretion (with transfer and credit on the applicable blockchain, according to such policies and procedures as we may determine).

Deposits

9.2. We will provide your Account with one or more applicable deposit addresses (each a "Deposit Address"), unless otherwise restricted under these Terms of Service (and may, from time to time, allow for the use of more than one Deposit Address in respect of any digital asset, at our discretion).

9.3. When you make an instruction to transfer the applicable digital assets to a Deposit Address (each such transfer, a "Deposit"):

a) in order for such transfer to be effective, you are required to transfer to the Company all right, title and interest in the relevant amount of digital assets free from all liens, claims, charges and encumbrances;

b) we will typically credit each Deposit after receiving at least one confirmation of the transfer and credit to the Deposit Address on the relevant blockchain, but more than one confirmation may be necessary, and we do not guarantee that a transfer will be credited within any defined number of confirmations or that any given block will be processed simultaneously with any blockchain confirmation; in particular, without limitation, we may, at our discretion (i) credit a Deposit prior to confirmation on the

relevant blockchain or (ii) require additional confirmations or conditions with respect to any Deposit, in particular (without limitation) where we believe that blockchain consensus is in doubt;

c) when we determine that such transfer is effective, we will increase your Account Balance by an amount that is equivalent to the amount of digital assets transferred to the Deposit Address net of any applicable transaction fees (including, without limitation, any applicable mining fees);

d) you agree that all right, title and interest in and to any and all digital assets that is transferred to the Deposit Address shall vest in us, free and clear of any liens, claims, charges or encumbrances or any of interest of you or any third party;

e) immediately prior to each such transfer, you represent and warrant that:

i) you are the legal and beneficial owner of any and all digital assets that you transfer to the Deposit Address;

ii) you have the full and unqualified right to convey and have conveyed, all right, title and interest in and to the relevant amount of digital assets that you transfer to the Deposit Address;

iii) the digital assets you transfer to the Deposit Address are not derived from or obtained as a result of any breach of Applicable Laws or the proceeds of crime (including any proceeds arising from drug trafficking, corruption, financing of terrorism or money laundering or transactions that violate sanctions), and the transfer does not constitute a breach of any Applicable Laws; and

iv) you will execute and deliver all necessary documents and take all necessary steps that we require in order to procure that, upon such transfer, all right, title and interest in and to any digital assets shall vest in us, free and clear of any liens, claims, charges or encumbrances or any of interest of you or any third party.

9.4. You have no rights or interest in respect of the Deposit Address or the amount of digital assets that is recorded in or registered to the Deposit Address. Your Account Balance is not your wallet. Your Account Balance is the balance of digital assets that we reflect in our books and records as credited to your Account. Amounts stated as being credited to or deducted from your Account Balance means that such amounts will be added to or deducted from the balance which the Company reflects in its books and records as available to be used by you in respect of the Services.

9.5. You agree that it is your responsibility to ensure that instructions, orders or transactions sent to us are well-formatted, clear and denominated in the correct digital assets. In particular, you must transfer the correct digital assets to the Deposit Address. We are not liable for any inaccuracies, omissions or other errors with respect to any Deposit. In particular, without prejudice to the foregoing, we have no obligation to return any digital asset that has been transferred to a Deposit Address that is controlled by or associated with us, in circumstances where

(i) we do not support that digital asset or the blockchain or protocol pursuant to which it was transferred or

(ii) the digital asset has been transferred to the wrong Deposit Address.

Withdrawals

9.6. When you instruct us to transfer to you an amount of digital assets from your available Account Balance (a “Withdrawal”), you must provide an appropriate withdrawal address (“Withdrawal Address”) for the transfer of digital assets to you. When we determine that your instruction is valid, we will deduct from your Account Balance the amount set out in your instruction; when such deduction has occurred, we then transfer an equivalent amount of digital assets to your Withdrawal Address minus any applicable transaction fees (including, without limitation, any applicable mining fees). We are not liable for any inaccuracies, omissions or other errors with respect to any Withdrawal.

9.7. In respect of each Withdrawal Address you provide to us and/or save and register with your Account:

a) you represent and warrant that the Withdrawal Address you provide is your own and that you have full control over that address;

b) you agree that it is your responsibility entirely to provide us with correct withdrawal details including your Withdrawal Address and we have no liability should you not receive the digital assets withdrawn due to you providing incorrect or out-of-date details; and

c) you agree to indemnify and hold us harmless against any and all claims, demands, lawsuits, actions, proceedings, investigations, liabilities, damages, losses, costs or expenses, including reasonable attorneys’ fees, in any way arising out of, in relation to or in connection with, directly or indirectly, our reliance on your representations and warranties set out in this Clause.

We may allow you to save and register one or more Withdrawal Addresses with your Account.

9.8. We will process Withdrawals in accordance with our [Withdrawal Policies](#) (collectively the Withdrawal Policies). We may amend the Withdrawal Policies at our sole and absolute discretion without prior Notice to you. ANNEX J - COPY TRADING

BY USING THE COPY TRADING SERVICES YOU ACKNOWLEDGE THAT YOU HAVE READ, UNDERSTOOD, AND AGREED TO BE BOUND BY THE TERMS OF THIS ANNEX J, IN ADDITION TO THE BITMEX TERMS OF SERVICE. IF YOU DO NOT AGREE TO THESE TERMS, YOU MUST NOT USE THE COPY TRADING SERVICES.

1. Understanding Copy Trading:

Copy Trading is an automated trading strategy that allows individuals ("Copiers") to automatically replicate the trades executed by other experienced traders ("Copy Leader(s)").

How it Works: When you elect to use the Copy Trading service, you select a Copy Leader whose trades you wish to mirror. Our Copy Trading service then automatically replicates the trading decisions of the chosen Copy Leader in your BitMEX trading account, in real-time and in proportion to your allocated capital.

Automated Execution: Once initiated, Copy Trading operates automatically, meaning trades are opened and closed in your account without your direct manual intervention for each specific trade.

Selection and Monitoring: You are solely responsible for selecting the Copy Leader(s) you wish to copy. It is crucial to conduct your own due diligence on any Copy Leader, review their historical performance (understanding its limitations as outlined below), and continuously monitor their performance and your copied trades.

Risk Management: While Copy Trading automates trade execution, you have the ability to set your own risk parameters, such as stop-loss and take profit limits or maximum investment amounts. You also retain the ability to disconnect from a Copy Leader or close individual copied positions at any time. The user recognises that any intervention by a Copier (including the triggering of any preset limits) as well as insufficient funds in your Copy Trading balance will stop Copy Trading in relation to that Copy Leader. The Copy Leader may also resign their role at any time, ceasing your Copy Trading for that Copy Leader.

Profit Sharing: You are agreeing to share with a Copy Leader any profits you may derive arising from following such Copy Leader. The percentage share of profits to be shared will be determined by the Copy Leader, as set out in the information provided about the relevant strategy. If you are a Copy Leader, you confirm that you have chosen the profit share yourself.

2. No Endorsement, Oversight, or Responsibility by BitMEX:

No Investment Advice: BitMEX does not provide investment advice, recommendations, or endorsements regarding any Copy Leader or any strategy made available via the Copy Trading service. In respect of all information about Copy Leader(s) and their performance, BitMEX makes no representations or warranties as to its accuracy, completeness, or reliability.

No Due Diligence on Copy Leader(s): BitMEX does not vet, approve, monitor, or supervise the trading activities, strategies, or performance of any Copy Leader. The past performance data of Copy Leader(s), if provided, is solely for informational purposes and should not be considered an indication or guarantee of future results.

No Liability for Losses: BitMEX shall not be liable for any losses, damages, or claims arising out of or in connection with your use of the Copy Trading services, including, but not limited to:

- Losses incurred as a result of the trading activities or strategies of any Copy Leader.
- Losses due to market fluctuations, volatility, or unforeseen market events.
- Losses due to technical issues, delays, or failures of any related software or hardware.
- Losses due to slippage (differences between expected and executed prices) or partial fills of orders.
- Any misrepresentation, fraud, or misconduct by a Copy Leader.

3. Significant Risks of Copy Trading:

Engaging in Copy Trading involves significant risks, and you could lose all of your invested capital.

These risks include, but are not limited to:

- Market Risk: The value of cryptocurrencies can be highly volatile and unpredictable. Trades copied from a Copy Leader are subject to these market fluctuations.
- Past Performance is Not Indicative of Future Results: The historical performance of a Copy Leader does not guarantee future profits and may not be indicative of actual future returns. Copy Leader(s) can experience periods of significant losses.
- Dependence on Copy Leader: Your trading performance is directly tied to the performance of the Copy Leader(s) you choose. Poor decisions or underperformance by the Copy Leader will directly impact your account.
- Execution Risk: While efforts are made to replicate trades, factors such as network latency, market conditions (e.g., high volatility, low liquidity), and technical issues may lead to delays in execution or price slippage, resulting in different outcomes for your account compared to the Copy Leader's.
- Liquidity Risk: In illiquid markets, it may be challenging to copy trades at desired prices, potentially leading to wider spreads and increased slippage.
- System and Technology Risk: Reliance on automated systems and third-party platforms introduces risks related to software malfunctions, system failures, or cyber-attacks.

4. Your Responsibility:

You acknowledge that you are solely responsible for all trading decisions made in your BitMEX account, including the decision to use Copy Trading services, the selection of Copy Leader(s), and the management of your risk parameters.

You must carefully consider your financial situation, risk tolerance, and investment objectives before engaging in Copy Trading.

You are responsible for monitoring your account and your copied trades regularly. You should seek independent professional advice if you have any doubts about the risks associated with Copy Trading or its suitability for your individual circumstances.

By proceeding with the use of Copy Trading services, you expressly acknowledge and accept all the risks outlined in this ANNEX J and the BitMEX Terms of Service. You further agree that BitMEX shall have no liability for any losses or damages you may incur as a result of using these services.
